

THE WRANGELL SENTINEL

VOL. XVII. NO. 42

WRANGELL, ALASKA, THURSDAY, OCTOBER 10, 1918

PRICE TEN CENTS

TO-DAY'S NEWS

CAMBRAI - ST. QUENTIN FRONT—Germans are in full flight on a twenty mile front with British cavalry and infantry well east of Cambrai in hot pursuit. South of St. Quentin Germans in a general retreat were pursued by French and British. The Allied troops hold the entire Cambrai and St. Quentin railroad. Eleven thousand prisoners were taken and two hundred guns.

CAMBRAI AND ST. QUENTIN FRONT—British cannon on move eastward. Batteries are galloping over rolling plains. They stop, wheel about for five minutes, then dash on and repeat the performance. There is no intention of letting the Germans get a chance to regain their breath and organize their smashed forces. The British are advancing eastward astride road from Cambrai to Lecalean and every hour has seen them further east. Escorted canal north of Cambrai was passed along its entire length. The British are absolutely confident they can break down any line the Germans can place in front of them.

WASHINGTON—Turkish cabinet resigned.

PARIS—The French, aiding in pursuit of fleeing Germans have passed Fontaine, Notre-dame and Beaufort.

WASHINGTON—American casualties 626; dead 162; severely wounded 353.

STOCKHOLM—There is persistent rumor here that William has abdicated.

CAMBRAI AND ST. QUENTIN FRONT—The British, on breaking through the Hindenburg line, negotiated trenches protected by a belt of wire fifty yards deep. German dead were everywhere in evidence and the ground literally soaked with German blood. Many French prisoners were rescued from the towns recaptured. Five hundred were brought back from one town alone. Germans had not time to save their ammunitions so they left fires and soon the ground behind them rocked with terrific explosions.

WASHINGTON—Penetration of the German main line of resistance west of the Meuse by Americans against fresh enemy divisions is reported by Pershing.

BERLIN—"Only military reasons could compel the United States to accept President Wilson's conditions," says the Cologne Zeitung, commenting on the American reply. "It is possible Germany may request further guarantees, for example the evacuation of colonies occupied by the Allies."

PARIS—This afternoon reports indicate general retirement of Germans along the whole hundred mile front from Cambrai to Rheims.

Seattle—Reservations for Wrangell: Charles Lemieux, Thos. Astad, E. McKay.

The sale of Thrift and War Saving Stamps is increasingly large each month and demonstrates the fact that people realize more and more the value of small savings both as an investment and as a help to the nation in the present struggle. Postmaster Stedman reports the sum of \$3234.20 taken in from the sale of these stamps during September.

The local draft board has received word through the American consul to Norway that Victor Michal Irgens, formerly of Wrangell and a nephew of Mrs. Edwin Hofstad, has registered with the consul at Bergen, Norway, and will reach New York, via Kingston, Jamaica, about Dec. 1, where he will await orders. Mr. Irgens was born in this country and has been visiting in Norway with his parents.

Word has also been received that John Duncan McKinnon has registered at Edmonton, Canada, with the U. S. consul to Canada. Mr. McKinnon was born in Wrangell and his father formerly owned the store where D. Sinclair is located at present.

WILL OBSERVE LIBERTY DAY

Liberty Day will be observed here Saturday by a short program at the Redmen Hall. The doors will open at 7 o'clock and the exercises begin at 7:15 sharp. There will be patriotic songs, led by the school children, in which the audience will be asked to join and two or three four-minute talks. The plan is to have the program short, sharp and snappy and over by eight o'clock. Everybody is urged to come out. The program follows:

1. Flag salute and song: America.
2. Songs by primary room.
3. The Red, White and Blue.
4. Telling To-night.
5. High school girls' chorus.
6. Loyalty.
7. Boys' duet and chorus.
8. Over There.
9. The Star Spangled Banner.

Wrangell experienced a very stormy night last Thursday night. No damage was reported but the Elihu Thompson towing a barge which carried a very valuable cargo of whale oil came into the harbor and remained here all day Friday. The boats had reached Lincoln Rock on their southbound trip when the sea became so rough that it was found advisable to come to Wrangell until the storm abated. On Friday forenoon an attempt to resume the journey was made, but the boats returned to port again until later in the day.

Two celebrations followed the native weddings which occurred this week. On Monday night a dance was given at the rink for Mr. and Mrs. Sheayte, and on Tuesday evening one took place at the band hall for Mr. and Mrs. Brown. Both were well attended.

FAREWELL TO OUR SOLDIER BOYS

Their Departure Arouses Great Enthusiasm and Makes Wrangell Feel a Sense of Nearness to the Great Struggle

Owing to the fact that the dance given at Redmen Hall last night for the boys who are leaving for Ft. Seward today took place so close to the time for the publication of the Sentinel, only a brief outline of a very successful and enjoyable affair can be given. The hall, decorated in flags and bunting, was packed with friends and relatives of the departing ones. Exquisite music was rendered by Messrs. John Burkland, harpist, Marx Mason, first violin, and Theodore Cote, second violin, early in the evening. Their services were donated. Capt. Burkland and Mr. Mason are Pt. Beauchere men and Mr. Cote is a recent arrival in Wrangell, an old friend of the LaBounty family.

When the ten young men who have been called to the service, and the two who will soon go, filed into the hall, the place rang with applause.

Later they were called forward, W. H. Warren calling the roll as

they faced the gathering. Mr. Warren gave a short address, his stirring sentiments concerning those who go and the duty of those at home, being frequently applauded. The fine, stalwart young men who are Wrangell's latest representatives in the big struggle for liberty were cheered to the echo before they mingled again with the dancers. Messrs. Burkland and Mason favored those present with a beautiful selection on harp and violin and while the native orchestra which furnished the dance music for the balance of the evening was arriving, Miss Ruth Lindman, Miss Elsie Moore and Lloyd Dalgity gave their services.

Delicious punch was served to the dancers all evening. Ed LaBounty and Ned Lemieux had charge of the floor and the dancing progressed merrily until 2:30. The affair which will linger in the memory of the boys wherever they go was arranged by friends, the merchants of Wrangell giving it their financial backing.

The Ketchikan contingent of the last draft, about 71 men, spent a few hours in Wrangell the last of the week on their way to the training camp at Ft. Seward. They were a jolly crowd and the town rang with their songs and jests as they marched up and down the streets while their boat was in port. All wore proudly the red, white and blue badge of service on the coat sleeve, the badge that marks them the chosen ones until they don the uniforms of Uncle Sam. At Wrangell they were joined by George Elton Barnes and George Arola who were the only men drawn from here at this time.

Mr. Barnes is the only son of Mr. and Mrs. G. H. Barnes and was married in Seattle less than a year ago. He and his bride spent the summer in Wrangell and Mrs. Barnes will reside with his parents while he is serving his country.

George Arola is one of three brothers residing here, sons of Mr. Isaac Arola.

[Received last night]

WASHINGTON—American casualties 671; dead 218; severely wounded 327.

LONDON—British casualties for the week ending last night 38,000. Dead 6515; rest wounded and missing.

PARIS—Laon salient is gradually tightening. British and Americans are driving one prong of pincers deeper beyond St. Quentin and Cambrai while the French and Americans are doing the same between Rheims and Verdun. In default of sufficient field artillery the Huns are missing all available trench mortars, howitzers, and high velocity guns at critical points in effort to stop the slow, ceaseless Allied advance, while from Russia and east Germany every possible German soldier is being hurried to the western front.

BERNE—Anti-monarchical riots reported as occurring in Bavaria.

PARIS—President Wilson's reply pleases France.

WASHINGTON—The President will probably go before Congress to cast further light upon the position he took in inquiry to Maximilian as soon as the latter replies.

LONDON—Daily Express says "Wilson's reply is what the whole world expected. He pins the author, be he Kaiser or Chancellor, to one issue."

BRITISH AND AMERICANS, ST. QUENTIN FRONT—Germans brought up heavy reinforcements during the night but the Allied drive continues.

AMERICAN ARMY, NORTH-WEST VERDUN—Americans in company with French captured Consenvoye, Brabant, Hymont and Beaumont. They drove enemy well beyond those towns and are pushing northward in desperate fight along the line. Enemy is offering increasingly strong resistance and is using large quantities of gas.

LONDON—British captured Cambrai taking eight thousand prisoners there and elsewhere. Anglo-American attack resumed this morning on the entire front. South of Cambrai rapid progress is being made.

PARIS—French advancing today along line on Suipe river. Germans are violently bombarding new French positions north of the Aisne. Ten thousand Germans were taken prisoners yesterday by Allied forces in fighting along various fronts. Germans are hurriedly evacuating the Argonne Forest. Battle is continuing.

SAN FRANCISCO, OCT. 8—District bank Liberty Loan figure is \$145,443,000. San Francisco is 36,365,750 in the drive. Oregon's percentage of population subscribed is 17, Idaho 15. Six of the 49 northern California counties have reached quotas. Two have doubled, 29 are over 60 per cent. All expect to reach quota on Liberty Day. Mary Pickford congratulated by San Francisco. Her sale of bonds amounted to 576,000.

Seventy men from Ft. Seward went south on the Humboldt during the week. They were bound for Camp Lewis. Only a few wore uniforms and some of the men had spent only five days at Ft. Seward. Among them was Pete Chernoff who was so badly injured while procuring ice at a nearby glacier that he spent a number of weeks in the Wrangell hospital. Chernoff registered here last year and was very anxious to see service. He went from Juneau this year and was in training at Ft. Seward just three weeks.

Wrangell boys of the first draft who trained at Ft. Seward were taken to San Francisco when they were sent south. A thousand Alaska men disembarked there and were given a fine welcome. Their destination was not definitely known when last heard from although they expected a railroad trip of three days' duration to follow closely upon their arrival in California.

S. Brook, who came to Wrangell on the Sophia last week, left for Telegraph Creek, B. C., on the Hazel B III. Mr. Brooke is with the Hudson Bay Co.

Will You HELP Bring Back The Boys of This Community

Our boys, the boys from this town and this territory are fighting the Huns. They are in the trenches in France, they are sailing the U-boat-infested seas, they are going "over the top" in the face of German cannon and machine gun fire.

Many more of our boys are now training and will soon be in France, and more are yet to be called.

And, remember, these are OUR boys; those who are near and dear to us. They are doing their ALL. They are giving their ALL. They are prepared to make the supreme sacrifice that our homes, our town, our nation, may escape ravages of the Hun.

We want them — one and all — to come back to us —

Will You Help to Bring Them Back?

Will you help to provide them with the things they need, with the clothes and food and munitions, that they may complete as quickly as possible the terrible task assigned to them?

Will you support our boys while they are fighting for us, fighting the German autocracy that seeks to destroy our ideals of liberty and justice?

Compared to their heroic sacrifice our part is but small — that of providing the funds to keep them equipped; to build and man the ships that will transport their food; their clothes, their guns and their ammunition, and to pay for these things.

Yes, we, the people of this community, will support our boys.

We will do it by buying bonds of the Fourth Liberty Loan; by buying all these bonds we can; by making such sacrifices as are necessary to do this. That will be our support for Our Boys.

CAMP WRANGELL No. 28, ARCTIC BROTHERHOOD

MOOSE ARE PATRIOTIC

**Urge Their Members and
Everyone to Buy
Liberty Bonds**

In this issue of the Sentinel appears a quarter-page Liberty Loan advertisement contributed by Wrangell Lodge No. 866, Loyal Order of Moose. There is no organization in existence more deeply concerned in the sale of Liberty Bonds and the winning of the war than the Loyal Order of Moose. Over fifty thousand of their members are in the service of the United States government in its fight against the Hun. More than ten per cent of the fraternity's membership are engaged in the struggle of democracy. If that percentage were an average of our entire population we would have an army of more than ten million now.

International relations, intentions and consecrations are dominant in the councils of the order. The Moose War Emergency Commission has recently established a Moose home in Paris, thus providing official connection with the loyal and patriotic brothers in France. A systematic roster of Moose soldiers "over there" is being kept, and Moose in the hospitals in France are visited regularly. This efficient administration of mercy is one of the larger visions which the order's official program now promulgates.

And here at home there is that wonderful home at Mooseheart which is opened to war orphans. Millions of dollars are to be piled up as an endowment which shall perpetuate the noble undertakings of the Moose and make them of

larger and more comprehensive scope. At the present time Mooseheart, with its peerless philanthropy in the actual home care of hundreds of orphans, challenges the best endeavor of members of the order and commands the unqualified admiration of public spirited citizens everywhere.

All Moose lodges are buying Liberty Bonds, and they are urging their members and others to do likewise. In addition to this every Moose is taxed one dollar a year for the Moose War Fund. Many voluntarily make larger contributions. One loyal Moose, in making a substantial contribution to the "war chest" wrote as follows:

"In order that those of our members who bear our banners in conflict may be comforted at home and abroad; that their loved ones may be made safe at Mooseheart if their sacrifice be supreme, and that our 'bit' for a sacred cause be a mighty one—we give in love and sacrifice."

The future alone can enjoy the true perspective of such loyal work as the Moose are doing. But words are scarce needed concerning loyalty when the deeds of fifty thousand enlisted men in one organization speak.

Buy Liberty Bonds.

Mrs. H. T. Hendricks was a southbound passenger on the Sophia, having been summoned to her home in Everett, Washington, by the serious illness of a daughter whose husband was being called into military service Monday. Mr. and Mrs. Hendricks gave up their residence on Church street Friday and Mr. Hendricks will be at the Wrangell Hotel during the remainder of his stay in Wrangell.

A large number of trawlers have been fishing in the bay this week with considerable success.

REV. CORSER LECTURING ON ALASKA

(Baraboo [Wis.] Daily News.)

The wonders of the southeastern part of Alaska land were ably presented to a large audience Sunday evening by Rev. H. P. Corser, for twenty years a resident of Wrangell. The illustrations showed the snow-capped mountains, the waterfalls, the rivers, the straits and the ever-interesting glaciers. These rivers of ice are eternally sliding down some of the mountain valleys, one of them shown having a frontage of four miles at tidewater. Two of the chief industries of Alaska are fishing and mining, there being a number of views to illustrate the activities in these lines. Of totem poles there is no end, the speaker showing a few of these and reading the strange story engraven by the natives of the islands. Pictures of some of the Indians were shown and incidents given of their aboriginal life.

The churches have done a great work for that country and Rev. Corser told of this long fight for uplift. Presbyterians and Episcopalians, especially, have done much in the missionary line.

The speaker was introduced by Rev. E. C. Henke, pastor of the church.

Geo. Anderson arrived from Juneau the last of the week and immediately began the work of improving the tone quality of a number of local pianos.

Wm. Sornberger, well known here having been an employee of the McKinney shingle mill, went through Wrangell on the Seattle. He was on his way to Petersburg where he will work for the Petersburg Packing Co.

The Hun— His Mark!

There is a plain fact that every American business man must face. This war is not a dollar war. It is a war for justice, for truth, for right, and for human decency. Its financial aspects are minor aspects when measured against terms of human suffering and bloodshed.

But still the question must be asked and must be answered by American men: "Shall the German mark conquer the American dollar?"

What the Dollar Stands For

The American dollar stands for a business world of square dealing, of equal opportunity to all people, of free commercial intercourse all over the world.

You know what the German mark stands for—a commercial system as an active instrument of foul plotting, espionage, and Prussian propaganda.

Enlist Your Dollars

Every American dollar must be enlisted in the great army that is now being mobilized against the Potsdam autocracy—the great army of the Fourth Liberty Loan.

Enlist your dollars to win a world in which fair dealing and an equal opportunity for all shall be the guiding principles.

Buy all the Liberty Bonds you can. Every bond you buy safeguards your home, your business—all you possess, and all you hope to have.

Rev. Corser in Wisconsin.

(Baraboo [Wis.] News.)

Rev. H. P. Corser of Wrangell, Alaska, is a guest of Mr. and Mrs. H. E. Cole. Acquaintance was made while on a trip to the north-land, Mr. Corser being the lecturer on the boats. Thousands of tourists have been delighted with his travel talks as the ship moved among the thousand miles of snow-capped mountains, covered on the sides with evergreen or slowly sliding glaciers. Mr. Corser walked through the Indian villages with the visitors, explaining the totem poles; through the canneries, telling of the industry and into the mines, speaking of the mineral wealth. There are not many boat lines that do this, but the feature is a source of great education and pleasure for those who go into that wonderland. The minister has been at Wrangell nearly twenty years, spending his summers in entertaining the streams of tourists, and in the winter looking to the welfare of his parish. He knows much of the Indian ways. He has written books about the totem poles and the meaning of the strange carvings upon them. The visitor is on his way to Scranton, Pa., to visit his venerable parents, and will return in about two months. He will speak at Trinity Episcopal church on Sunday.

J. E. Coffin, who was the first missionary to Kake over 20 years ago was in Wrangell the past week and has decided to spend the winter here. Mr. Coffin left this week for Shakan and will return with his family in a short time. Mr. Coffin is a full blood Thlinget.

CABLE NEWS

MONDAY

BERLIN—The Kaiser in a proclamation issued today to the Army and Navy in which he referred to "the collapse of the Macedonian front in the midst of the hardest struggle." In part he says: "In accord with our Allies I have resolved once more to offer peace to the enemy, but I will only extend my hand for an honorable peace. We owe that to our heroes who have laid down their lives for the Fatherland, and we make that our duty to our children. Whether arms will be lowered is a question. Until then we must not slacken; we must as hitherto exert all our strength and in God's gracious help we feel ourselves to be strong enough to defend our beloved Fatherland."

AMSTERDAM—The text of the note forwarded by the German Chancellor Prince Maximilian to President Wilson through the Swiss government follows: "The German government requests the President of the United States to take in hand the restoration of peace, acquaint all belligerent states with this request and invite them to send plenipotentiaries for the purpose of opening negotiations. It accepts the program set forth by the President of the United States in his message to Congress on January 8, and in his later pronouncements, especially his speech of September 27 as a basis for peace negotiations. With a view to avoiding further bloodshed the German government requests immediate conclusion of an armistice on land, water and in air."

WASHINGTON—Germany's note was delivered to the President personally today by Frederick Mederlin, attaché of the Swiss legation. Austria's peace note, similar to that of the Kaiser, was presented to Lansing this morning by the Swedish minister.

BISMARCK, N. D.—Roosevelt in an address said: "When the time comes America and the Allies and not Germany will do the talking."

WASHINGTON—President Wilson is secluded in his study. No announcement.

CHICAGO—A summary of the comment of the American press on the peace notes is a demand for an unconditional surrender.

LONDON—The Serbians after violent fighting entered Vranja northeast of Uskub, according to Serbian official statement. Several hundred prisoners were taken by Serbians, the enemy retiring north in disorder.

PARIS—Gouraud's forces advanced to the line of a thousand yards north of the river Arnes between Stettienne and Betheniville. These advances leave the Germans east of Rheims in a sharp pointed salient.

WASHINGTON—Geddes, First Lord of the British admiralty, arrived today.

LONDON—The British advancing between Lens and Cambrai have crossed the Scheldt canal at certain points.

PARIS—French have smashed through German positions in Champagne over a wide front, crossed the Aisne canal, reached the outskirts of Aguilcourt and are approaching Aumencourt eight miles north of Rheims.

WITH FRENCH ARMY—Deliverance of the martyred city of Rheims appears final tonight. Fortbrimont and the height on which it stands fell into the hands of the French and heights eastward from the city, including Tetonmont, Cornilletmont, Sansnommont, Haut, Casque and Mont Blanc which are clear of the enemy. Berthelot's army is marching eastward and Gouraud's men are moving northward and enthused by success, are pushing the enemy with utmost vigor.

SEATTLE—Seven died of influenza in the last 48 hours.

WASHINGTON—Brigadier General Doyen died of influenza.

PARIS—French crossed the Suippe river eastward of Orainville, reached the outskirts of Basincourt and Bousur Suippe. After severe fighting the Americans made further advance in Champagne, taking Stettienne, fighting their way forward over a whole front between Meuse and Argonne for rest.

BERLIN—German troops which have been fighting in the Bulgarian army have been withdrawn and are now marching back to their headquarters, says a statement from army headquarters.

LONDON—Hindenburg today resigned as chief of the general staff after a heated interview with the emperor in which the field marshal declared that retreat on a large scale was impossible to avoid, according to Central news despatch from Amsterdam today.

WASHINGTON—Casualties 946; dead 376; severely wounded 482.

TUESDAY

WASHINGTON—President Wilson is conferring with premiers of the entente to form answer to the German proposals. It is understood the President has formulated an answer which constitutes a historical record of the world. He has asked Lloyd George, Clemenceau and Orlando for their acquiescence. No question as to its nature. However, it may not use the term "unconditional surrender," which would reflect the sentiment which has come from the nation but it is sure to convey to the German government the fact that nothing less than the terms already laid down can be accepted.

WASHINGTON—The President today informed the German government that before the United States can discuss an armistice German troops must withdraw from all invaded territory. The President also asked Chancellor Maximilian if, in addressing the note, he represented the German people or the rulers of Germany. The President's reply to the request for an armistice and peace negotiations probably will be dispatched before night if it is not already on the cables. After spending the morning in his study the President called into conference Col. House and Secretary Lansing.

WASHINGTON—Semi-Official announcement says: "This time, for the first time in the war, the President will be addressing the entire peoples of the world. His reply will be published in Germany and Austria complete; it also will be published in all entente and neutral countries. Therefore the President carefully weighed his words, far more depending on this reply than most people realize."

PARIS—From Rheims to the Suippe river the French are continuing to advance. North of St. Quentin the Germans counter-attacked many times with great desperation but were beaten off.

LONDON—In sector east of Argonne large fires are burning behind the German lines and the important town of Brioules on the western bank of the Meuse is burning. Germans are resisting desperately. Americans have brought up their heavy artillery and there is every evidence that a terrific struggle is to be expected on this front.

LONDON—At daybreak in a driving rain Americans and British attacked a front from St. Quentin to Cambrai making satisfactory progress. Haig reported several hundred prisoners taken.

PARIS—War office announced today that the French have reached the outskirts of Conde sur Suippe at junction of Suippe and Aisne. Northeast of Berrybauc along the Suippe French penetrated into Esle sur Suippe.

RICHMOND, KY.—Former Senator McReary died today.

WASHINGTON—593 casualties; dead 126; wounded 345.

RED CROSS MATTERS

(Red Cross Bulletin)

Returns are sometimes a little slow in getting in from Alaska, but they usually are worth waiting for. A report has just been received on the sale of two pounds of White House wool apportioned to the far territory in connection with the second war fund drive by the Red Cross. A check came with the report, and it was for the sum of \$5,881.75, which was the price the wool brought for the cause in that enthusiastic section of Uncle Sam's domain. Alaska topped all the states in the union in its White House wool record.

WASHINGTON—[Received in Wrangell last evening too late for yesterday's bulletin.]—The President's message is designed by the United States as an inquiry as to the exact meaning of the Chancellor's note, and not a reply to the note. The text of the message which Secretary Lansing delivered to the Swiss charge d'affaires is in part as follows: "Does the Chancellor mean that the German government accepts the terms laid down by the President and that its object in entering into discussion would be only to agree upon a practical basis their application. The President feels bound to say with regard to the suggestion of an armistice that he would not feel at liberty to propose the cessation of arms to governments with which the United States is associated against Central Powers as long as the armies of these powers are upon their soil. The good faith of any discussion would manifestly depend upon the consent of the Central Powers to withdraw their forces everywhere from invaded territory."

WASHINGTON—Among diplomats the President's communication is regarded as his master stroke. It leaves the door wide open to peace if Germany is sincere. If the proposal is merely a pretension it will justify before the world prolonging the war with force to the utmost without stint or limit.

LONDON—British and Americans advanced three miles on a twenty-mile front in a great attack between St. Quentin and Cambrai. Haig reports being within six miles of the railway running from Lille to Metz.

Pemberton, John Hanousek, John F. Finegan, Henry Kanerva, Waino Kanerva, Urho Kanerva, Cyril Choquette, William Choquette, S. E. Walker, George Thomas and J. F. Malcolm.

Mr. H. D. Campbell, prosecuting witness of the Bulgarian who was arrested at Wrangell some two months since for seditious utterances, is due to appear at the next term of Court in Ketchikan at no little personal expense and inconvenience. A number of his fellow citizens, wishing to show their approval of his course by defraying his expenses, have been called down by Mr. Campbell who insists that he is doing no more than his duty which he gladly assumes. He may well be proud, however, of the wide spread approval of his course which was brought out by the mere mention of the proposition to share his expense, and to be a member of such a community as Wrangell has proved itself to be on every occasion when its loyalty has been put to the test.

We wish to thank all those who contributed their services or money for the farewell dance to our soldier boys last evening.
Committee.
